## ABOUT ME

### Professional Summary

Results-driven WordPress Developer with expertise in custom WordPress development, eCommerce website optimization, and SEO-friendly design. Passionate about creating high-performing, fast-loading, and user-friendly websites that drive sales and engagement. Proven success in developing and optimizing eCommerce websites for brands like Green Volt Engineering, God's Own Paint, and SmilePaint. Adept at integrating CRMs, chat features, and automation tools while maintaining top-tier performance.

Seeking to leverage my technical expertise and problem-solving skills at Rotate Digital to build and optimize high-ranking, conversion-focused websites.

## EDUCATION

Olabisi Onabanjo University

Bachelor's Degree in Computer Engineering

2007-2013

Full Stack @ Pan African PLP

2025
